Our SPA KINGS COURT introduces one of the best spa facial treatments ever is the micro current facial which uses galvanic treatment technology ageLOC™ Edition Nu Skin Galvanic Spa System™ II. To literally iron away your wrinkles. It works on the basis of positive and negative galvanic current. It can deeply clean the skin and since for women above their thirty comes about a cell cleavage, this can regenerate and revitalize that.

Galvanic Spa System II:

- smooth the appearance of lines and wrinkles
- reduces the rings under the eyes
- rejuvenates your complexion
- revitalises your scalp
- renovates and hydrates

The apparatus is suitable for all kinds of skin, acne, eczema or psoriasis is not an obstacle, the other way around. The effect is visible almost after the first treatment. After that it is up to your specific wishes and needs, how often you decide to repeat the treatment.

Results are so remarkable that your radiant, youthful face and body will leave people wondering about your age and your secret.
